

Together We are Stronger - ArrivalAid und Plant-a-Talent are now one !

München, 1 April 2020 – Last Post and Press Release from Plant-a-Talent gGmbH

The program ArrivalAid Job & Careers and Plant-a-Talent gGmbH have shared a common goal for a long time: Support refugees, migrants and immigrants with their entry into the German job market. True to the motto, “Together we are stronger”, both non-profit organizations have decided during the last quarter of 2019 to combine forces to affect an even larger and more comprehensive impact for all of our clients/candidates.

The preparation and training workshops created and held by Plant-a-Talent – such as the Basic Computer Literacy und Intermediate Computer Classes - will continue along with the corporate and private mentoring programs. These activities will complement Arrival Aid’s seminars and programs.

“I am very happy about this merger since both firms complement each other very well with our similar cultures and work styles. I admire David Offenwanger’s leadership skills and look forward to staying involved by joining the ArrivalAid Advisory Board (currently under development)”. Via Grace Impact gGmbH, I will look to supporting the merged company with events and fund raising.” Said Dinese Hannewald, CEO of Plant-a-Talent gGmbH.

Please keep in touch with ArrivalAid and David Offenwanger by visiting: <https://www.arrivalaid.org/what-we-do>
